I certify, under penalty of law, that I understand the terms and conditions of the Kentucky Pollution Discharge Elimination System (KPDES) and Bullitt County permits that authorize storm water discharges from active construction sites. I agree to follow all specifications and instructions set forth in the original NOI, BMP plan, EPSC plan, as well as undertake any other actions necessary to meet the terms and conditions of the KPDES and Bullitt County permits. I am aware that significant penalties exist related to permit conditions and regulations for the discharge of pollutants off-site and accept the responsibility for compliance with these conditions and regulations.

I understand all erosion control measures must be maintained and inspected every 2 weeks and after every 1/2 inch rain event. I understand record of inspections must be kept and furnish to Bullitt County Code Enforcement upon request.
